25X1A9a The Director is in receipt of a letter from [REDACTED] (copy attached) complaining of a delay in payment of his retirement refund, which he claims cost him additional interest on a loan from Credit Union. Mr. [REDACTED] letter has been answered (see copy attached), but it is requested that you determine why an apparently unnecessary delay occurred and take the necessary remedial measures. It would be appreciated if you would advise this office of your findings and action at your convenience.
